**10
YEAR**
Limited
Warranty¹

COMFORT

The latent capacity of an air conditioning system determines how well it can remove humidity from the air in your home. **Thermal Zone systems are designed to have very high latent capacity.** With lower humidity levels inside, you can remain cool and comfortable, no matter what is happening outside.

Thermal Zone outdoor units combine rugged steel components with an innovative fan design to provide reliable comfort inside, and less noise outside. This is a feature that you and your neighbors will appreciate.

Smaller dimensions and a **neutral paint color** allow your Thermal Zone air conditioning unit to blend in with your home's siding and landscaping.

AFFORDABLE

With **easy access panels** and **standardized parts**, you can be sure that servicing your Thermal Zone air conditioning system will be fast and simple, keeping maintenance costs to a minimum.

Your new Thermal Zone air conditioning system has a **10-Year Limited Warranty on all parts**,¹ so you can enjoy many years of worry-free comfort.

Financing options are available. Ask your Thermal Zone dealer, or go to www.ThermalZone.com for details.

RELIABLE

Scroll compressors deliver proven durability and enhanced efficiency, and they are at the heart of every Thermal Zone air conditioning system.

Factory-installed thermal expansion valves (standard on matching indoor units) allow your Thermal Zone air conditioning system to continually adapt to conditions inside your home. As a result, you will be more comfortable, and the system will not work any harder than it needs to.

The heavy-duty louvered steel cabinet is rated to withstand a 500-hour salt spray test. The cabinet will protect your investment against damage from yard hazards and severe weather, so that it can operate at peak performance.

EFFICIENT

With efficiency ratings up to **16 SEER 2**, Thermal Zone has the perfect system for you.

Low GWP Refrigerant

The global warming potential of R454B is 78% lower than R410A, used in most HVAC systems prior to 2025.

Available Models

Model	Efficiency Rating	Regional Availability**
TZA13	Up to 15 SEER 2	North Only
TZA14	Up to 16 SEER 2	All Regions
TZSA14	Up to 15 SEER 2	All Regions

The TZSA14 "Small Footprint" model (18-30K only) is ideal for applications where space is limited.

¹Timely registration is required in most states. Complete warranty details are available at www.ThermalZone.com or from your Thermal Zone dealer.

For details on the minimum efficiency standards for your state, go to www.ThermalZone.com, www.EPA.gov, or ask your Thermal Zone dealer for details.
